This is high tragic painting, and we might as well deny to Shakspeare the honours of a great tragedian, because he has interwoven scenes of mirth with the serious business of his plays, as refuse to Hogarth the same praise for the two concluding scenes of the Rake's Progress, because of the Comic Lunatics[11] which he has thrown into the one, or the Alchymist that he has introduced in the other, who is paddling in the coals of his furnace, keeping alive the flames of vain hope within the very walls of the prison to which the vanity has conducted him, which have taught the darker lesson of extinguished hope to the desponding figure who is the principal person of the scene. The festival of summer or of harvest belonged to the sons and daughters, who offered the fruit of their labor to the parents.
