Zacchaeus (Tiny Readers)

Harvard psychiatrist Steven Schlozman wrote a fictional medical paper on the zombies presented in Night of the Living Dead and refers to the condition as Ataxic Neurodegenerative Satiety Deficiency Syndrome caused by an infectious agent. A study on the teaching of human rights in nursing courses in the UK, for example, noted that prejudice against human rights educators who were also engaged in human rights campaigning or organizing was based on the questionable assumption that their activism undermined the objectivity required in teaching, leading to charges of political bias or even indoctrination [32].
