## **Bend it Like Bradbury**

Parenting is one of the most important tasks we undertake but it doesn't always come naturally Help your child manage stress during exams by getting them to use good study habits, eat well, exercise, relax, sleep and keep things in perspective Give your undivided attention when your child asks for it The grief of empty nest syndrome often goes unrecognised, because an adult child moving out of home is seen as a normal, healthy event Foster care is temporary care of children up to 18 years by trained, assessed and accredited foster carers Kinship care is the care provided by relatives or a member of a child's social network when a child cannot live with their parents If you don't approve of your child's reasons for moving out, try to keep the lines of communication open You may face challenges that affect you physically, emotionally and After experiencing abuse, neglect or rejection, many children are slow to put their trust in anyone In single-parent households, issues such as holidays or major family purchases are more likely to be decided with the children Surrogacy is a form of assisted reproductive treatment ART in which a woman carries a child within her uterus on behalf of another person or couple Teach your children to sort out minor differences themselves The pressure on young girls and boys to be physically perfect is creating an epidemic of children and teenagers with low self-esteem and negative body image. These private or non-profit owners can often deliver higher-quality developments, which are modern, stylish, safer and well kept.
