AttridgeM. As a player, your game would take place within the bounds of a few sheets of written narrative, provided to you by your Author-GM: this would begin with your initial placement in the world, a little description of your current predicament therein, and an open-ended...ending... that would allow for you to make some sort of action, or decision, or otherwise let you do whatever else might occur to you - in order to move the narrative along. One of the strongest condemnations of book agents and other canvassers is found in the edition of Bates Harrington's book on the subject.
